

Leavenworth Recycling Center

Updated COVID-19 Guidelines

The Leavenworth Recycling Center will be opening for normal hours of operation, with added guidelines, to reduce the potential spread of COVID-19.

Beginning June 3, 2020

Hours of operation: Wednesday's 4:30 PM - 6:30 PM and Saturday's 11:00 AM - 3:00 PM

The Recycling Center Staff will be adhering to the following guidelines:

- Staff will wear protective mask and gloves when patrons are present
- Staff will be available to answer questions (from 6 feet away), but will not physically help unload recyclables or yard waste
- Any area of the facility that is exposed to contact will be sanitized

We are encouraging all users to practice the following steps:

- **Minimize Trips:** The Washington State Department of Ecology urges self-haul customers to postpone & minimize non-essential trips to recycling and garbage facilities while Governor Inslee's "Stay Home, Stay Healthy" order is in effect.
- **Adhere to Social Distancing during drop off:** One vehicle per "zone" will be allowed at one time (one per yard waste & one per recycling). Expect slight delays and have patience.
- Remain in your vehicle until it is your turn to unload. Wear a protective mask and gloves when you are outside of your vehicle.

Yard Waste Guidelines

The Leavenworth Recycling Center /Yard Waste Disposal is only available to City residents. Items allowed for drop off include: Leaves, pine needles, and other yard debris (paper lawn and garden bags are acceptable). No furniture, appliances, dirt, rocks, sod, or building debris are allowed.

If you live outside of the City limits, please utilize the Chelan County drop-off brush site on the corner of Icicle/East Leavenworth Road. It is open to those residents inside of the Apple Maggot Quarantine area. Current operation hours are **Friday's 8:00 AM - 3:00 PM**

Recycling Guidelines

Single-streamed recycling is available at the Leavenworth Recycling Center. Please make sure all recyclables are clean, empty and dry. Materials accepted include mixed paper and cardboard, plastic bottles and aluminum and tin cans. **NO** plastic bags and **NO** glass allowed in the single-stream recycling. A detailed description of Waste Management guidelines can be found in the City of Leavenworth WM residential guide. Clean glass will be accepted separately for Waste Loop's glass crushing pilot program. Glass must be free of plastic labels, plastic rings, caps and foil wrappers.

Help keep our community safe and healthy! If you are sick or exhibiting symptoms of COVID-19, or if someone in your household is, please do not visit the facility.
