Site Plans. Provide two (2) sets of each of the following plans:

General Site Plan, showing:

- The boundaries of the subject property. Lot dimensions and parcel size shall be provided in feet;
- Location of **all** structures to be retained on the site and their setbacks from all property lines, access easements, and/or public right-of-way. This includes accessory structures like sheds and carports, regardless of size, the locations of garbage and recycle receptacle, mailboxes, flagpoles, fences and any other pertinent features;
- The location and width of all roads, right-of-way, driveways, access, and parking areas, including existing to remain, and the edge of existing roads and/or sidewalks adjacent to the property (please note that in many cases property lines are NOT at the edge of pavement on City streets).
- The location of all existing and proposed utility infrastructure and easements (water, sewer, storm water, drain fields, power, fire hydrants, catch basins, detention ponds, ditches, pipes, culverts, underground storage tanks etc.);
- Topographic features (existing and finished grades, steep slopes, etc.) of the subject property and neighboring properties in sufficient detail to identify grade changes;
- Location and dimensions of any excavation, grading, and/or fill;
- The location of cross section(s) as required to show detail (see next section);
- The location of retaining walls;
- The location of the one-hundred-year flood-plain and floodway, and the location of all water courses and the ordinary high-water mark and approximate boundaries of all areas subject to inundation (including wetland areas, seasonal water bodies, irrigation canals etc.), if applicable;
- Address of project site, property owner’s name, complete legal description and tax parcel number, and adjacent property addresses and uses; and
- Directional arrow indicating north.
