Indoor Community Pool

So what happened to the retractable cover? This project has morphed into a gigantic project for a small community.

NO NEW Property taxes  
to pay for this! 

Idea:

1/31

\*New swimming pool facility

Provide food/snack booths

for local businesses, clubs, groups  
to sign up to sell food, snacks,  
smoothies, goggles, etc.

Could be on a daily, weekend,  
monthly basis? Similar to Pybus but smaller

payer am always

interested in how much

my taxes will go up in the  
property tax/grants/other revenue  
portion of the feasibility  
study

We <sup>(the community)</sup> would really  
benefit from  
tourists visiting  
a year-round pool

I would love to see  
financial feasibility for  
operations budget

Great idea to have  
a year-round pool  
here - its time!

Please please please  
do not remove the  
fully outdoor pool!!!

We need an indoor  
(winter) AND an  
outdoor (summer) option.

The outdoor pool is  
a treasured resource.

I filled out the ~~g~~  
survey when it came  
out & expressed  
interest in an →

indoor pool but  
definitely not at  
the expense of the  
outdoor pool.

The outdoor  
pool is so

VALUABLE!!!

Please!

-Would really like for the pool to have both indoor and outdoor capabilities.

Please move forward with the proposal using sales tax and lodging tax. ~~to~~ to fund it.

City residents have been hit hard by the taxes to pay for the new schools, so if it were necessary to tax residents please keep it to a minimum.

Full support!!!

Keep the priority to a large indoor/outdoor pool with few other amenities (maybe limited to hottub). All the other items look great in theory (waterslide, inflatable), but it would require a large staff and seems geared towards tourism.

I also wonder if items like ~~the~~ athletic areas, yoga studio, etc. would be better suited at a separate rec-center (Ostorn?)

Thank you!

Tony & Vanessa Cameron

include gym - community area. on ~~the~~

◦ Would love to see "Local" hours.  
Limit tourists per session

◦ ADA

\* outdoor showers  
to rinse off before  
& after

\* retractable doors/  
roof for summer

◦ offer CSD students  
swim lesson Field  
trips

◦ keep salt water/  
less chlorine.

◦ sell bricks/engraved  
to help w/ funding

◦ dive-in movies

Don't add these  
amenities as the  
cost will increase...

Parking is a huge issue as there is not enough right now.

More parking spaces are needed for pool users, ~~espe~~ especially if all the amenities are approved.

If we have a diving board  
we could have a H-S Diver team  
with our swim team!

This would be an  
amazing resource that  
would benefit the locals.

Get tourist dollars to  
support our growing  
community instead of  
just being a burden (traffic,  
resources etc).

I fully support tax increase  
for this concept if it could  
also be supported by tourist  
taxes + use fees.

Please keep this moving forward!

A year round place  
to swim would be  
so beneficial to our  
community. The current  
3 month period is  
just too short. ~~By~~  
By having year round  
access, it would allow  
more swim lessons, a  
healthy indoor activity  
for both kids/adults  
during the winter  
months and increased

water safety.

Please, please continue  
to push for an  
increase of year long  
recreation for the  
community!!

Love the pool.

Include community room w/  
wifi for purchase (or included w/pool  
entry). Could target the outdoor  
rec market who needs someplace to  
work remotely or shower.
