The Design Review Board is a quasi-judicial board responsible for reviewing the exterior elements and overall design of projects located within commercially zoned areas of the City and its UGA for consistency with the Old World Bavarian Alpine theme, outlined in Chapter 14.08 Leavenworth Municipal Code (LMC). Some projects can be reviewed and approved administratively and do not come to the Board for review. No building or structure, walkway, plaza, lighting or other miscellaneous items can be placed, constructed, changed, altered, added to without first obtaining design review board approval and a permit.
