GENERAL INFORMATION:

- **Is a Permit Required?** All projects, including new buildings or structures, or changing ANY exterior elements of an existing building or structure, are subject to requirements of Leavenworth Municipal Code (LMC) Chapter 14.08 when located in any of the commercial zones. This may include, but is not limited to, adding elements such as outdoor seating, awnings, umbrellas, landscape structures, mechanical equipment, etc.
 - ❖ Design Review of a project is for *exterior design only* and does not take the place of any other required permits, such as building or land use permit. Design Review is *part* of the building permit process, and approval of exterior design by the Leavenworth Design Review Board is required before a building permit can be issued.
